Results 1 - 10 of about 86,100 for cationic photoinitiator. (0.25 seconds)

1. Rhodia Introduces Safer Cationic Photoinitiator | Swamp Fox

cationic photoinitiator product with no release of benzene. Rhodia's Rhodorsil(R) 2076, an addition to their radiation cure product ...

www.swampfox.ws/media-introduces-safer-cationic-photoinitiator - Cached - Similar

2. Cationic Photoinitiators

Sigma-Aldrich Online Catalog Product List: Cationic Photoinitiators

www.sigmaaldrich.com/materials.../material-science-products.html? - Cached

3. [PDF] ALDRICH®

File Format: PDF/Adobe Acrobat - Quick View

The ability of some types of cationic photoinitiators to serve as latent

photochemical ... A selection of cationic photoinitiators is given below.

www.sigmaaldrich.com/etc/.../docs/.../al_ms_ad7_photoinitiators.pdf - Similar

4. PHOTOINITIATED CATIONIC POLYMERIZATION

by JV Crivello - 1983 - Cited by 42 - Related articles

growing number of different types of cationic photoinitiators. Although the character of the anion in a cationic photoinitiator generally ...

ajournals.annualreviews.org/.../10.1146%2Fannurev.ms.13.080183.001133

5. [PDF] Novel Sulphonium Salt Cationic Photoinitiators For Food Packaging ...

File Format: PDF/Adobe Acrobat - Quick View

The photoinitiators used in cationic curing have always been the to demonstrate that any new cationic photoinitiator does not give rise to any ...

www.radtech-europe.com/files.../herlihypaperaugust2004.pdf - Similar

6. Carbazole-bound ferrocenium salt as an efficient cationic ...

efficient cationic photoinitiator for epoxy polymerization. Tao Wang, *. Bao Sh Li and Li X Zhang. Department of Chemistry, Beijing University of Chemical ...
doi:10.1002/pi.1837 - Similar

7. Thianthrenium salt cationic photoinitiators - Patent 7405308

by JV Crivello - 2008 - Related articles

Jul 29, 2008 — Triarylsulfonium salts of formula I or II are useful as initiators for
